TOKEN AND MEDAL AUCTION #38 — PART I

Held in conjunction with the New Jersey Token/Medal Show, May 18-19, 1985. The Convention will take place at the Monticello Motor Lodge, Bellmawr, N.J. The Lodge is located right off Exit #3 of the N.J. Turnpike on Black Horse Pike. It is only 20 minutes away from the Philadelphia Airport. Reservations may be made at the Lodge by calling 609-931-0700. The sale will start promptly at 7:00 p.m. on Saturday, May 18.

We are issuing the sale in two parts. You should receive the mail-bid only section within the next 2-3 weeks. **NB: MAIL BIDS ON THE FLOOR SALE PORTION OF THIS AUCTION MUST BE RECEIVED NO LATER THAN MAY 17!**

1. Bid the highest amount you are willing to pay for the lot. Your bid will be reduced to a 10% advance over the second highest bid. There is no limit to the amount that we will reduce a bid.

2. Bids under $10.00 will not be reduced and bids will not be reduced to under $10.00.

3. In instances where there are duplicate lots, you may bid on an either/or basis and indicate a preference if you like.

4. Some lots are reserved. The auctioneer will execute such reserves by bidding for the consignor through its representatives.

5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgment, affect the value of the item. However, we do make mistakes and will accept return when we are in error. On the other hand, capricious returns will not be tolerated.

6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. Bidders on the heavier medallic items who use post office boxes are urged to give us their street address for UPS delivery as their charges are often considerably less than the Postal Service.

AUCTION SUBSCRIPTIONS

We have computerized our subscription list. If you will look at the computer address label you will note either a number, such as 38, or the letter "C" opposite your name. "38" means that your subscription to our sales expires with the publication of Auction #38 (this sale). If you note a "C", that indicates that your subscription is a complimentary one. These are given as a matter of courtesy to all dealers who request it. If you see neither a number nor the letter C, then this means that you have received a one-time only complimentary copy and that you will have to subscribe to receive future sales.

PRICE ESTIMATES

14. **RARE T.D. SEAMAN STORECARD**

Low 155. XF. Minor field marks. This token is ex-Roper and Harte. In the Roper Sale, it fetched a most modest price slightly under $600. (H+)

15. Low 171. almost full gilt AU. (G)
16. Low 180. BERGEN IRON WORKS. Strongly struck XF./AU. As usual, the eagle's breast has little detail. (G)

18. Low 254. DR. J.G. HEWITT, BONE SETTER. AU. Tiny rim nick on the obverse at 7:00. (F)

20. Low 269. PEALE'S MUSEUM. An attractive brown XF. From the Springffeld Collection, Part 2 in 1981. An XF in the Roper Sale brought $306. (G)
21. **RARE WRIGHT & BALE STORECARD**

Low 332. VF/XF. An immensely popular token because of the portrait of Washinton and because it is the store token of one of America's most important early dies sinking firms. The XF Roper piece brought $522.

22. Low 393. C.H. WEBB/CONGRESS HALL. Nice brown Unc. with some red showing through. Decidedly scarce in this condition. (E-F)
23. **ONE OF THE TWO KNOWN RANDEL "TARGET" TOKENS.**

Rulau-E Del.1. J. RANDELL JR. C & D CANAL. XF. A light planchet flaw extends from the top of the token through the second ring to the edge at 5:00. Some very light scratches visible only with magnification. A most desirable token of particular interest to both Delaware and Maryland collectors. The only other known specimen is in the collection of David Schenkman. Worth $1000 or more.

24. Rulau-E Ga 11. (STEAMER) J.D.M. (Steamer John David Mongin). Paddlewheel steamer in full smoke to the right, initials JDM below, all within a circle composed of a wreath and six stars. The design is overstruck on an 1811 half cent. Bold VF. (G)

26. ILL 2. HAMILTON & WHITE. AG. A very rare Illinois token. It usually shows up in this low grade. (E)

27. **RARE ILLINOIS SHELLCARD**

HARTFORD LIVESTOCK INS. CO., Chicago. 1868 Liberty head Obverse. Green paper reverse showing a man leading a horse. A small area of the green paper is missing below the word BRANCH at 8:00. Still a superb pictorial piece. (F)

28. Md.-Unlisted variety of KUNKEL'S OPERA TROUPE. 3 line c/s on a Mexican 1 real coin. KUNKEL/ OPERA/TROUPE. Bold c/s. (F)
29. Unusual counterstamp on a 1797 1/1 half cent. The top line has a square box to the right of a 6. Below, BALTM. A 6 is c/s on the reverse. According to our consignor, the box is meant to represent a lined container used by oyster shuckers. The 6 refers to 6 quarts. BALTM. Would refer to Baltimore, Md. All of this makes a certain amount of sense, but we have been unable to substantiate this theory. Nonetheless a rare item. (?)
30. Rulau Me-Ba-10 but c/s on an 1823 half cent. B. PARKER. Bold c/s. According to Ralau, Parker had a sideline business of countermarking large cents (and other coins) with people's names or initials for his customers. (D)
31. Mass-Unlisted. M. TIDD/WOBURN c/s on an 1845 large cent. Bold c/s on a Fine coin. (D)
32. **RARE MICHIGAN SHELLCARD.** WEST & COMPANY, DETROIT. 38mm. Silvered brass. AU. A few small rim dents. Obv: 1867 Liberty Seated. Rx: Ad for Wheeler and Wilson Sewing Machines which were awarded to a gold medal at the Paris Expo. (F)
33. MO. 21. FITZGIBBON DAGUERROTYPE GALLERY. Cleaned AU. Some light discoloration. (C-D)

35. MO.41. M.A. ABRAHAMS. Nice XF example of a popular token with an obverse bust of George Washington.
36. **UNLISTED NEW JERSEY MERCHANT COUNTERSTAMP. PINE & PATRICK/BEVERLY, N.J.** logotype c/s on an 1845 large cent. We have been unable to find out anything about this firm. (D-E, although the addition of an R after the A in the last name of the firm would undoubtedly make this a four figure token!)
37. NY 267B, NY-NY 90, King 606. FRANKLIN & CO. Choice, bright AU. A most desirable storecard with Bolen's Lincoln die used as the obverse. (D)
38. NY 2002. HASCY hallmark c/s on an 1845 large cent. Small edge dent on the coin. The HASCY firm were NYC silversmiths. (C)
39. RARE NEW YORK CITY SHELLCARD. T.N. HICKCOX & CO. 38mm. Brass. Unc. 1868 Liberty Sealed obverse. Rx: Purple paper ad for this firm which made the "Celebrated Medallion and Mirror Business Cards." (F)

41. **RARE UNLISTED NEW YORK CITY COUNTERSTAMP**

T.PYE double struck c/s. A key separates the T and P. c/s on an 1818 bust quarter. Rulau reports (NY 642) a c/s, T. PYE/NEW YORK on an 1809 half cent. He identifies Pye as a NYC locksmith. The presence of the key in the c/s would seem to confirm Rulau's attribution of the c/s to Pye the locksmith. (F)

42. Scarce Ohio shellcard. JOHN P. WILTSEE, CIN. O. 34mm. Brass. AU. 1868 Liberty Head obverse. Rx: Company ad for "funeral furnishings, coffins, hearses and carriages." (F)
43. **UNLISTED PHILADELPHIA MERCHANT COUNTERSTAMP. JOHNSON & CONAWAY.** A c/s on an 1832 large cent. The obverse c/s has the name -OHNSON & CONAWAY in a semi cricle with PHILADA in a straight line below. The reverse is a c/s in a straight line with the full name of the firm. Rulau lists and pictures a token for this firm (Pa 720) in his 1845-60 book. This token describes the firm as "Manufacturer's of saws, squares & C." (F-G)
44. **RARE PHILADELPHIA COUNTERSTAMP. DEALY/ PHILAD.** Logotype c/s on an 1808 half cent. The 1837 Phila. Directory shows a James Dealy operating a "Findings" store. He disappears until 1845 where he is listed (through 1860) as dealing in shoe findings and tools. (?)
45. **RARE PHILADELPHIA SHELLCARD. HEATH HARMER & CO.,** Agents for Manhatten Cooperative Relief. 34mm. Brass. Unc. Some light stain spots. 1868 Liberty Head obverse. Rx: Ad for firm. (F)

49. ROOKHILL & WILSON shellcard. A large 38mm card with an obverse replicating an 1867 $20 gold piece. Rx: in rose colored paper with ad for this Phila. clothing house. Unc. (F)
50. **RARE AND UNLISTED COUNTERSTAMP FOR A PHILADELPHIA DOCTOR.**

DR. WM. YOUNG/NO. 152 SPRUCE ST. PHILA. logotype c/s on a 1772-1789 Mexican 2 real. Bold c/s. Dr. Young is first listed in the Philadelphia directories at this address in 1841. Hard Times Token collectors will note the unfortunate fact that Dr. Young did not die or move in the next few years. His name continues to be listed through the 1850's at this same address.

51. **RARE COACH MAKER COUNTERSTAMP.** PA 702. G.W. WELSH/COACH MAKER/HANOVER PA logotype c/s on a 2 real. Only a few known of this rarity. (G)

87. **POSSIBLY UNLISTED BALTIMORE CIVIL WAR STORECARD.**

T.J.M. & CO. This token and subsequent issues by the same firm have been definitively attributed by David Schenkman to THOMAS J. MEYER & CO. of Baltimore. The firm did business as oyster packers and was in business through the 1930's. The unavailability of Baltimore directories for the Civil War years prevents a definitive attribution of this token as a CWT. However, the reverse die used on this token is the same as used on Md. 60A-2b and 60B-3b. The firm was listed under this name in the 1867 directory. This is, at least, strong circumstantial evidence that this token was struck at the same time as the Shakespeare and Mt. Vernon Club tokens. (?)

They were plated in gold, silver and copper and sold commercially, being offered at half price to charitable organizations. This example is 98mm XF with some spotting and tiny dents in the center field. Sure to be a highlight of some lucky bidder's Civil War exhibit. (F) **PLATE.**

The Palmetto Regiment medal is among the most desirable of the Mexican War medals and is considered extremely rare. The only two modern auction records we can find are from our Landmark Sale (1976) wee a silver inscribed specimen (ex-DeWitt, Bushnell) went for $626.00 and our Sale #32 (1982) where another inscribed silver brought $825.00.

138. **ORIGINAL MANLY MEDAL**

This medal was struck at the turn of the 19th century and was closely copied by John Reich in 1807 for one of his Sansom medals. This is a pleasing specimen with semi-proofline surfaces. It is an important early Washington medal which should be in the cabinet of every serious GW collector. (G-H) **PLATE**

142. **Baker 75. WRIGHT AND BALE MEDAL—SECOND REVERSE.** 45mm. Copper AU. Struck with rusted dies. Obverse portrait of Washington by C. C. Wright. Rx. with biographical inscription in 6 lines. (E) **PLATE**

143. **Baker 85. THE ECCLESTON MEDAL.** 76mm. Bronze. Choice AU. Just a hint of rub on the cheek prevents this from being a superb Unc. The obverse depicts Washington in a heavy suit of armor. The reverse has an Indian standing head downcast, with an arrow in his right hand a leaning of a bow. Eccleston medals are not particularly scarce, but they are decidedly uncommon in this condition. A most pleasing example with red highlights throughout. (G) **PLATE**

144. **Baker 96. SI QUAERUS MONUMENTUM.** 63mm. Bronze. Nice Unc. A few minor obverse spots. Bust left of Washington by C.C. Wright. Legend within three lines within a glory of rays, surrounded by a circle of thirteen rings containing the abreviations of the thirteen colonies. Struck in 1883, this is one of the most beautiful Washington pieces from that period. Fewer than a dozen pieces are believed to exist today. (F) **PLATE**

167. **RARE MINI LINCOLN PLAQUE ON MARBLE BY BRENNER.** King 753. Smedley #83. Bronze cast mounted on green marble. The plaquette is 86 x 64mm., the marble measures 104 x 81mm. This is the same design as the larger sized plaque by Brenner and is cast by the same foundry, S. J. Klaber of NYC (the Klaber foundry mark appears on the reverse stand).

This piece is many times rarer than the larger plaque. Our research has uncovered only one other example, that offered in a fixed price list at $800 by Johnson and Jensen in 1979, where it was advertised as unique. We quote further from that offering, "The present diminutive plaquette is the first anyone has seen recently in the medallic field

among a dozen authorities we have shown the piece. Based upon this rarity, the piece should bring well into four figures. However, the hinge and stand are missing from the back (customarily where the Klaber foundry mark was located)." The present example has the hinge and stand intact. The dark brown patina is quite attractive and the marble is perfect. Surely worth of a premium bid in the four figure area. **PLATE**

168. JCB 1860-21 but olive spray on the JCB side has 2 leaf clusters. BRECKINRIDGE-LANE FERROTYPE. Choice Unc. but the Lane Ferro has 3 major digs to the righ tof the picture. The Breckinridge picture is bright and perfect. (F-G) **PLATE**

GW 1789-4, Albert WI-1A. 34mm. Brass. VF. No shank. An ever-so-slight bend in the planchet. MARCH THE FOURTH 1789 MEMORABLE ERA. Although the fourth of March was the date appointed for the organization of the new government, travel was slow and difficult and it was April 6th before a quorem of Congress reached New York, then the capitol of the Nation. After counting the electoral votes, a messenger was dispatched to Mount Vernon to notify Washington of his unanimous election to the Presidency. The President-elect immediately started his journey to New York. It was a triumphal procession; people gathering everywhere to pay homage to the great man. It was not until the 30th of April that he actually took the oath of office as the first President of the United States. ($700-1,000)

Both the design and the inscription are incuse. Described and pictured in MacNeil, p. 22. A nice display piece. This button is the only available artifact of the 1829 inauguration and so is especially desirable for that reason. A similar specimen in our 36th Sale brought $200.00.

193. **ANDREW JACKSON GOLD MINT MEDAL**

PR-34. 19mm. Gold. Anthony Paquet, sc. AU with a few field marks and hairlines. Obverse bust left of Jackson. Rx: AND JACKSON PRESIDENT U.S. around. INAUG.SECOND TERM MARCH 4, 1833. 194. **MARTIN VAN BUREN PRESIDENTIAL MEDAL.** PR-6. 62mm. Copper. Nice AU. Rx: INAUGURATED MARCH 4TH A.D. 1837. within a wreath. (See MacNeil, p. 23). This was the first of a series of four very similar medals commemorating the inaugurals of Van Buren, Tyler, Taylor and Polk. All used, for an obverse, the medium sized Indian Peace Medal die for the respective chief executive. The Van Buren medal is the second rarest of the four, the most elusive being the Taylor. The rarity of this medal has long been acknowledged. In the 1882 Bushnell Sale, the Chapmans commented that, "This medal is of the highest rarity, but one other being known." Since that time, at least four others have surfaced. This is from the Dr. Darrell C. Crain Collection. In our 35th Sale (1983) we sold a choice Unc. example for $710. **PLATE**

195. **JOHN TYLER PRESIDENTIAL MEDAL.** PR-8. 62mm. Copper. Nice Unc. Rx: APRIL IV/MDCCCXLI within an oak wreath. Also from the Crain Collection. Although this is not as rare as the Van Buren, it is the first time we have offered one at auction. (H+) **PLATE**

196. **JAMES K. POLK PRESIDENTIAL MEDAL.** PR-9. 62mm. Copper. XF/AU. A number of obverse and reverse field digs which detract somewhat from its appearance. Rx: MARCH IV/MDCCCXLV. The color of ribbons attached to the medals will distinguish them and are as follows: First division, red, white and blue; second, red and white; third, blue and white; fourth, a flag; fifth, red; sixth, blue." (G) **PLATE**

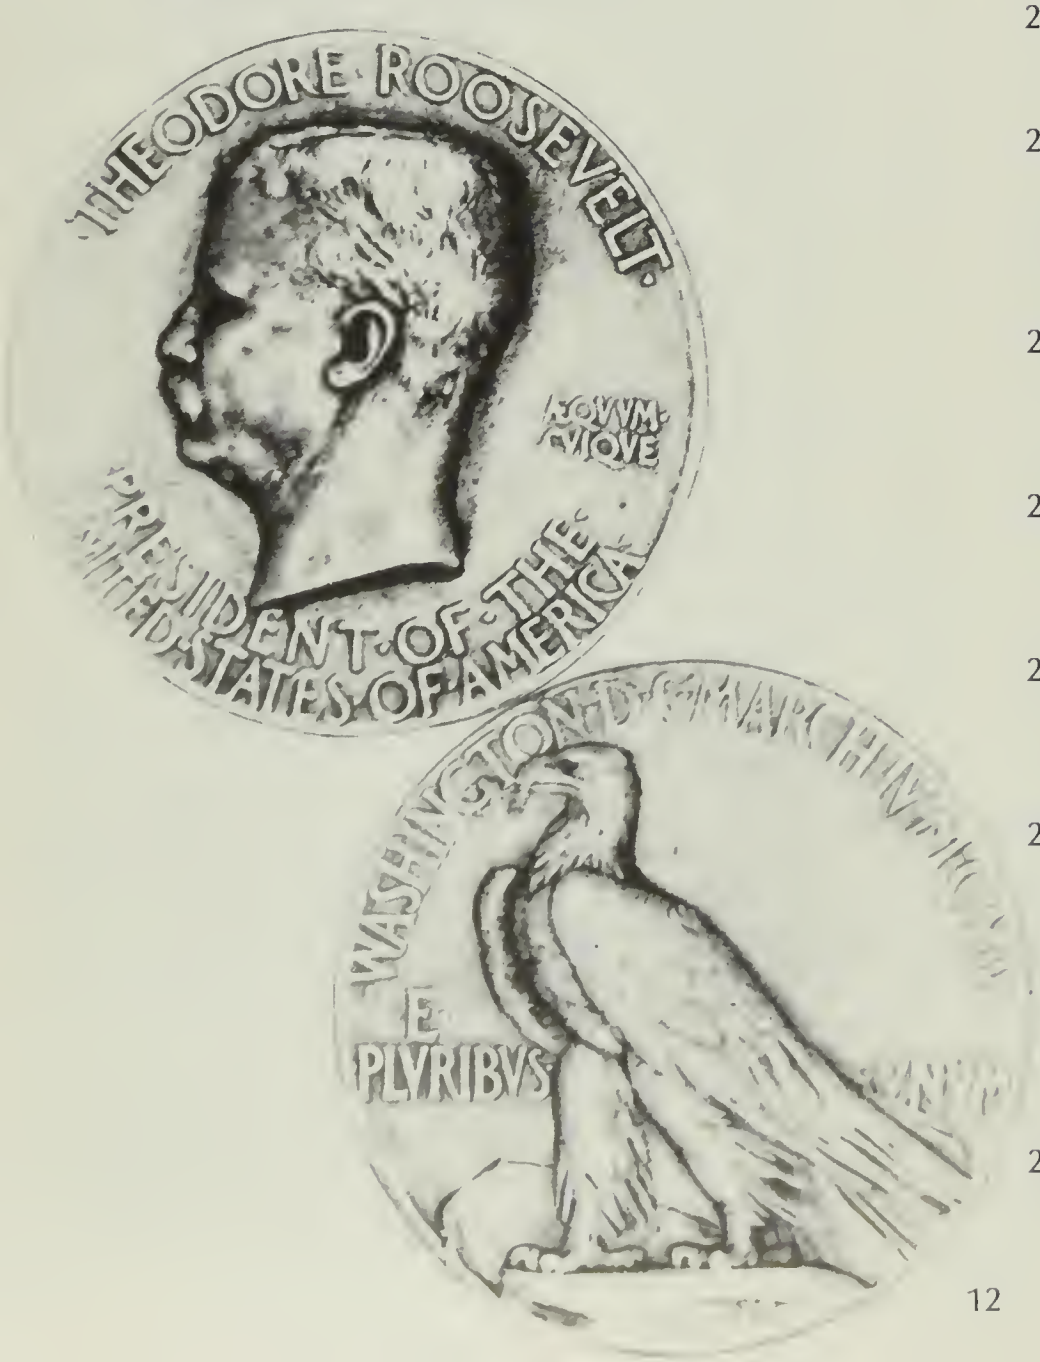
WMcK 1901-2. Silver. Attractively toned XF/AU. A small edge dent at 2:30 which is less visible when viewing the obverse than when looking at the reverse. Contained in aleatherette case with plush purple inside. 55 of these medals were given to members of the Executive Committee. We are not aware of any modern auction offerings of the silver medal although we did sell a nice incirculated specimen several years ago for $3000. Should bring in the $1800-2200 range.

201. **THEODORE ROOSEVELT OFFICIAL INAUGURAL MEDAL BY SAINT-GAUDENS**



TR 1905-2. Designed by Augustus St. Gaudens and modelled by Adolph A. Weinman. 125 medals were cast by Tiffany and Co. 74mm. Bronze. Sharp XF. A small oval area of discoloration with the light remains of a pale green encrustation between the eagle's beak and the letters GT appears on the reverse. Overall, this is relatively insignificant.

This medal is considered by many to be the most desirable of all the official inaugural medals. The combination of its rarity, one of our most popular Presidents, our foremost American sculptor and the reknowned Tiffany & Co. is hard to resist. The sale of a Tiffany-Roosevelt has always been the occasion for numismatic headlines. We suspect that this time will be no exception. The last auction record for this medal is from our Sale #30 (1981) where we sold an XF/AU specimen for $5500. We feel that the present medal should bring in the $4500-5000 range.

202. **CC 1925-4. CALVIN COOLIDGE OFFICIAL INAUGURAL BADGE.** WM. RAMSAY Committee member. Choice AU. Extremely rare—only the second complete badge we have handled. For those collectors who can't afford the $4000 price for the larger medal, this is the only medal of an official nature that can represent the 1925 Coolidge inaugural. From the Darrell C. Crain Collection. (H)

205. Same as the above lot only this ribbon is inscribed, COMMITTEE ON/RECEPTION OF/GOVERNORS/AND/DISTINGUISHED GUESTS. Nice XF/AU. (D)

206. FDR 1937-3. FRANKLIN D. ROOSEVELT OFFICIAL INAUGURAL MEDAL, 1937. AU. A few small obverse spots and one very small rim nick at 5:00. (G)

207. OICB-13. 1941 OFFICIAL INAUGURAL COMMITTEE RIBBON BADGE. Nice XF condition. Unpriced in Levine and only the second we have come across. Should bring in the $150 range.

208. 1941 SILVER ROOSEVELT COMMEMORATIVE INAUGURAL MEDAL. 37mm. Choice Unc. A scarce privately minted medal honoring FDR's third term inauguration. In small letters underneath the eagle is the inaugural date, JAN. 2, 1941. Some time later, the date error was realized and a subsequent striking of the medal was made with the correct JAN. 20 date. (E-F)

209. **ROOSEVELT SILVER MEDAL WITH THE CORRECTED DATE.** Choice Unc. This is identical to

the previous lot except that the date has been changed to read JAN. 20. It is obvious that the addition of the new 0 was a correction as it is squeezed in between the 20 and the 1 of 1941. Considerably scarcer than the error date version. (F) **PLATE**

210. **RARE SET OF KENNEDY INAUGURAL MEDAL PLASTERS.** Obverse and reverse of the Kennedy Official Inaugural Medal in plaster. 9½'' in diameter, gold painted. This is one of twenty sets made by Medallic Art Company and given to the Coin and Currency Institute of NYC to display for promotional purposes. (C&CI were the distributors of the medal). They make a marvelous wall display. The only auction record we have been able to find is from our 21st Sale (1976) where a set brought $250. (G)

211. **RARE "MARRIOTT" ENCASEMENT OF THE 1969 NIXON OFFICIAL INAUGURAL MEDAL.** As MacNeil notes, President Nixon had 500 of his bronze medals gold-plated by the Balfour Co. and encased in a lucite block. A greeting from Nixon and his facsimile signature was stamped in gold at the base. The Chairman of the Inaugural Committee, Willard Marriott also had a hundred places similarly made, but with his own signature, as gifts to friends and colleagues.

The encasement here bears the name of the recipient with the words, WITH APPRECIATION below. A facsimile of Marriott's signature follows and his title CHAIRMAN INAUGURAL COMMITTEE 1969. The encasement is housed in a plush leatherette box with the name of the recipient stamped in gold on the outside. We sold another example of this piece in our last auction for $700.00. Decidedly rare and missing in most collections.

212. GRF 1973-2, 3&4. FORD OFFICIAL VICE PRESIDENTIAL INAUGURAL MEDALS. Antique silver, proof silver and vermeil. **Each medal has serial number 2!** The proof silver medal has a tiny edge nick at 4:00. A real find for the collector who appreciates low numbers. (G)

213. SERIAL #2 SET OF FORD INAUGURAL MEDALS. GRF 1974-1,3,4,5 & 6. Each medal bears this special low serial number. The bronze, antique silver, proof silver and vermeil are housed in the custom case of issue. The 18k gold is in its own custom box. A unique opportunity. (H)

214. #2 ROCKEFELLER OFFICIAL VICE PRESIDENTIAL INAUGURAL MEDAL IN GOLD. NAR 1974-1. 18k gold. Unc in its original presentation box. (G)

215. **ROCKEFELLER INAUGURAL DIE TRIAL**

An untrimmed 46.5mm. lead die trial of the 38mm. coin relief Vice Presidential medal. Both obverse and reverse are struck. Unusual and rare. Only three such pieces are known to us. We sold one of these in our 30th Sale (1981) for $500. (H)

World's Fair and Expositions

216. COLUMBIAN EXPO-LIBBY PRISON MEDAL. Eglit 477. 68mm. Pot Metal. Unc. Obv: LIBBY PRISON WAR MUSEUM. View of prison center. Rx: Long inscription about the prison which was used for Northern prisoners in Richmond, Va. during the Civil War. Slabaugh speculates that no more than 100 of these metals were made. Most of them show corrosion and/or edge damage. (F)

217. RARE AND UNUSUAL COLUMBIAN EXPOSITION "AWARD" MEDAL. 58mm. Copper plated white metal. XF. A few minor rim dents. The obverse of this medal is identical to the reverse of Eglit 36A depicting the DISCOVERY OF AMERICA and the LANDING OF THE PILGRIMS. The reverse, however, shows a wreath enclosing, AWARDED/TO and is signed at the bottom, F. A. BRAHE & CO. The origin of this medal is unknown. It is the first we have seen or heard of. (E)

218. **SILVER PAN AMERICAN EXPOSITION AWARD MEDAL, 1901.** 62mm. Sterling silver. Hermon MacNeil, sc. Toned AU. Struck by Gorham & Co. Obverse shows the logo of the Expo—a nude woman holding a dove standing in front of a buffalo. SCOTT & WILLIAMS in small cartouche below. Rx: Two seated Indians with peacepipe. A rare medal, especially so in silver. (F-G) **PLATE**

ASSAY COMMISSION MEDALS

233. AC-13. 1874 ASSAY COMMISSION MEDAL. 33mm. Silver. Charles Barber, sc. Choice prooflike AU. Obv: Archimedes framed in a classical archway. Rx: Catalque labeled J. TORREY OB.MAR.10 -73 within a wreath. (G-H) **PLATE**
234. AC-20. 1880 ASSAY COMMISSION MEDAL. 33mm. Bronze. George Morgan (obv.) & Charles Barber (rx.), sc. Choice. AU. Just the slightest tiny hint of rub. Julian notes that this is the first use of he portrait of a President who was in office at the time the assay medal was issued and marks a radical departure from earlier practice. It was reduced from the model for the regular Presidential medal, PR-19. (G)
235. AC-32. 1889 ASSAY COMMISSION MEDAL. 76mm. Bronze. Charles Barber, sc. XF/AU. A few field marks and minor reverse spots. This is the largest of the assay medals. The obverse is the same as the regular medal from the Presidential series while the reverse wreath is the same as that used on the William Henry Harrison Presidential medal. (G) **PLATE**
236. 1894 ASSAY COMMISSION MEDAL. 33mm. Copper. Nice AU. Barber's obverse portrait of Cleveland is the same as that used on the assay medals during Cleveland's first term. INDIAN PEACE MEDALS

244. IP-2. THOMAS JEFFERSON. 100 mm. Copper. Unc. Minor reverse spots. One of the few bronze Indian Peace Medals that is missing in even advanced collections. This medal was not available for sale to the general public, but was struck on special order. The medal is quite rare, Carl Carlson notes only six auction records and price guides the medal at $2500. We have been unable to find any modern auction appearances for this medal at all. **PLATE**

245. IP-7. JAMES MADISON. 51mm Copper. Choice Unc. Original reverse. The 51mm size medal is the rarest of the three sizes. (G)

246. IP-9. JAMES MONROE. 62mm. Copper. Nice Unc. Dark brown finish. 2nd reverse.

247. IP-10. JAMES MONROE. 51mm. Copper. Unc. A few minor spots. Original reverse. (G)

248. IP-12. JOHN QUINCY ADAMS. 62mm. Copper. Choice AU. Just a hint of rub on the reverse. 2nd. reverse. (F)

249. IP-15. ANDREW JACKSON. 62mm. Copper. Unc. Minor reverse spots. Original reverse. (F)

250. IP-17. MARTIN VAN BUREN. 76mm. Copper. Choice AU. A few minor obverse spots. Original reverse.

251. IP-22. JOHN TYLER. 62mm. Copper. Unc. Tiny reverse edge dent. 2nd reverse. (F)

252. IP-24. JAMES K. POLK. 76mm. Copper. AU. Original reverse. (F)

253. IP-25. JAMES K. POLK. 62mm. Copper. Choice AU. 2nd reverse. (F)

254. IP-26. JAMES K. POLK. 51mm. Copper. AU. A few minor spots. Light edge dent at 3:00 on reverse. Original reverse. (F)

255. RARE AND UNREPORTED ZACHARY TAYLOR INDIAN PEACE MEDAL WITH TYPE I (1809-1846) REVERSE. 76mm. Copper. AU. Obverse edge dent at 6:30.

All of the Indian Peace Medal authorities cite correspondence between Director Patterson and the Commissioner of Indian Affairs in 1846 to the effect that the old reverse dies, cut by Reich in 1814 were worn out and could not be used to produce creditable results. In the later part of that year, the Director reported that the new dies were completed and that both hubs and dies were made. The assumption has always been that *all* of the 1849 Taylor medals were struck using the new reverse dies. The existence of this and the following medals clearly refutes this theory. The reverse of this medal shows no evidence of die breaks and little rusting. The finish is almost indistinguishable from that of the Taylor medal with the new reverse. (G-H) **PLATE**

256. **62mm TAYLOR MEDAL WITH TYPE I REVERSE.** Copper. AU. Tiny obverse rim nick. Further damage to the theory that the Taylor medals were struck only with the new 1846 reverse dies is provided by the existence of this medal. The reverse die is clearly serviceable and the finish is not unlike that of the medals struck with the 1846 dies. In a telephone conversation with Robert Julian, he stated that he was unaware of the existence of these medals and was unable to account for their existence. (H)

257. IP-28. ZACHARY TAYLOR. 62mm. Copper. Unc. Several very minor obverse spots. This medal has the usual reverse using the die of 1846. (F)

258. **IP-29. ANOTHER TAYLOR MEDAL WITH THE TYPE I REVERSE.** 51mm. Copper. AU. The existence of the Taylor medals in all three sizes with Type I reverses is puzzling. A close examination with the Type I reverses used on the Peace medals of other presidents shows that the original Reich die and letter punches were used on the Taylor medals. None of the three Taylor reverses show any damage that should be evident if we are to believe Director Patterson's assertion that the old dies were no longer serviceable. Perhaps there were other, more serviceable dies around that he did not know about at the time. (H)

259. IP-31. MILLARD FILLMORE. 62mm. Copper. Choice AU. Just a hint of rub on the reverse. Much scarcer than the 76mm medal. (F)

260. IP-32. FRANKLIN PIERCE. 76mm. Copper. Choice AU. Dark brown finish.

261. **RARE AND UNLISTED FRANKLIN PIERCE INDIAN PEACE MEDAL MULE.** 76mm. Copper. AU. A few tiny obverse rim nicks and minor stains. This medal combines the usual Pierce obverse by Ellis with the Peace and Friendship reverse (1846 die) which was last used for the Zachary Taylor medals of 1849. We can find only one prior auction record for this muling; the NASCA Sale specimen of 4/28/81 in AU brought $500.00. (H). **PLATE**

262. IP-36. JAMES BUCHANAN. 76mm. Copper. AU with satin surfaces. Only the tiniest bit of rub on the hair above Buchanan's ear and on the shoulder

of the Indian. (F)

263. **RARE AND UNLISTED JAMES BUCHANAN INDI-**AN PEACE MEDAL MULE. 76mm. Copper. Nice AU. Minor spots. The usual obverse on the 76mm Buchanan IP medal was engraved by Salathiel Ellis. The signature on this medal is that of Anthony Paquet. This die was also used on the Japanese Embassy Medal (PE-29). It further differs from the original Ellis obverse in the spacing of the lettering and the omission of the date 1857 beneath the bust. While mulings are not unknown among this series of medals (Julian records a mule of the Ellis obverse of the Buchanan IP medal with the reverse of the original Japanese Embassy medal), to our knowledge, this is the first published example of this muling. (H). **PLATE**

264. IP-38. ABRAHAM LINCOLN. 76mm. Copper. AU. A number of tiny obverse spots. Small reverse rim nick from a cut on the edge. The reverse die is without Willson's signature indicating that it was from the replacement die which was made after the original broke after only 8 pieces were struck. (F)

265. IP-39. ABRAHAM LINCOLN. 62mm. Copper. Unc. The small size Lincoln medal is much scarcer than the 76mm one. (G)

266. IP-41. ANDREW JOHNSON. 62mm. Copper. Choice unc. A few minor spots. (F)

267. IP-42. ULYSSES S. GRANT. 62mm. Copper. Choice Unc. This is the only Indian Peace Medal that does not contain the name of the President in the legend. Only 300 struck in copper. (F)

268. IP-43. RUTHERFORD B. HAYES. 60x76mm. Oval Copper. Unc. Carl Carlson notes only two prior auction records in copper; probably the B&R sale of 12/15/81 (Unc. $375) and the NASCA Sale of 4/28/81 (AU $600). We subsequently sold an AU example with a bad obverse stain for $212 in our 33rd Sale (1983). Only 38 medals struck in copper. (G-H) **PLATE**

269. IP-44. JAMES A. GARFIELD. 60x76mm. Oval Copper. Choice Unc. with a pleasing mahogany finish. Carlson lists only one auction record for a copper; probably that of the B&R Sale of 12/15/81 where an Unc. brought $400. (G-H) **PLATE**

270. IP-45. CHESTER A. ARTHUR. 60x76mm. Oval Copper. Unc. Tiny dark spots, one within the ear and the only on top of the head. Carlson cites only two records in copper; one probably being the B&R Sale of 12/15/81 (Unc. $400). Subsequent to the publication of the Carlson guide, HIM auctioned an AU specimen for $357. Only 69 medals were struck in copper (1888-1903). (G-H) **PLATE**

271. IP-46. GROVER CLEVELAND. 60-76mm. Copper. Unc. 56 struck in copper. An Unc. brought $850.00 in B&R's Sale of 12/15/81. (H) **PLATE**

PRESIDENTIAL MEDALS

272. **GROVER CLEVELAND MEDAL STRUCK IN ALUMINUM.** PR-23. 76mm. Charles Barber, sc. Choice Unc. This is the first term medal for Cleveland showing his 1885 inaugural date. It was soon replaced by the new reverse die when he was again inaugurated in 1893. While bronze examples of this medal are considered scarce, Mint records show that only 3 were struck in aluminum. (H)

273. **PR-24. BENJAMIN HARRISON MEDAL STRUCK IN ALUMINUM.** 76mm. AU. Extensively tarnished with rust-like appearing spots throughout. Still a most desirable piece because of its great rarity—only 3 struck. (F-G)

274. **RARE CALVIN COOLIDGE MINT MEDAL MULE.** 76mm. Bronze. Unc. The obverse portrait of Coolidge is the one by J.R. Sinnock which normally appears on the second term medal, the reverse of which is also by Sinnock and is dated 1928. However, the reverse of this medal is the first term reverse by George Morgan, bearing the date 1923. Seven of these medals were found a few years ago by John Coolidge, the son of the President. They had been carefully hand-wrapped by the late President and placed in an attic trunk. Our consignor was fortunate enough to purchase one of these medals from Mr. Coolidge. The rest remain in his possession. (F-G)

275. COMPLETE SET OF OBSOLETE FDR PRESIDENTIAL MEDALS FROM THE MINT SERIES. Set of 5 medals, all by J.R. Sinnock. Each is a nice AU. **(1).** FRANKLIN DELANO ROOSEVELT. PRESIDENT OF THE UNITED STATES around a profile bust of FDR to right. Rx: Spread eagle stnading atop a shield with fasces in background. Inscription to either side of the shield, INAUGURATED/MARCH 4, 1933. **(2).** PRESIDENT OF THE UNITED STATES in semicircle above bust right of FDR. FRANKLIN/DELANO /ROOSEVELT above FDR's right shoulder. (This is the obverse used on all subsequent FDR medals up to and including the currently available memorial medal) Rx: Same eagle as the last but with inscription, INAUGURATED/PRESIDENT/1933 and four stars below. **(3).** Rx: Spread eagle perched atop cartouche. Below, MARCH 4, 1933 JANUARY 20, 1937. (The dates of FDR's first two inaugurals. **(4).** Rx: Similar to the above but now with three dates of his inaugurals. **(5).** Rx: Similar to the last, but now with fourth date. (F)

276. **SILVER ROOSEVELT MINT MEDAL.** 76mm. Silver. J.R. Sinnock, sc. AU. Tiny rim nick at 12:00 on rx. Obv. Bust right of FDR. Rx: Eagle atop cartouche. Below, MARCH 4, 1933 JANUARY 20, 1937. From the Ed Rice Collection. All of the large medals in the Presidential series in silver are exceedingly rare. None were ever made in the regular course of business. We know of only two examples of this

medal in silver, both of which belonged to the late Mr. Rice at one time. (H) **PLATE**

277. **GROUP OF MINT MEDALS FROM THE ESTATE OF DIRECTOR OF THE MINT, GEORGE H. BRETT.** Recently the coin and medal collection of George H. Brett was auctioned in Washington, D.C. With some of the medals, Mr. Brett appended hand written explanatory notes. Unfortunately, the notes are only on scraps of paper rather than on his letterhead and they do not bear his signature. With this caveat, we offer the following three medals as one lot. **(1).** Uniface obverse strike of the Eisenhower medal from the Mint's Presidential series, 76mm. Bronze. Gilroy Roberts, sc. Unc. Housed in a cardboard box which contains the following note dated Aug. 1954, "This is a special strike from the dies I ordered made without authorization or approval. This went to Denver with 20 sketches of suggestions for the reverse to be selected by Ike and Mamie. I made no request for approval of this obverse and in selecting and returning the reverse sketch with this, Ike made no comment." **(2).**First term Ike Mint medal with the Roberts' obverse and the reverse by Frank Gasparro. Unc. Housed in a leatherette box with the following handwritten note, "This is the No. 4 strike of the Eisenhower medal." On the other side of the paper is written, "#1 to Mamie/#2 to Ike/#3 to Geo. Humphrey/#4 to D of M." **(3).** Director of the Mint Medal for George H. Brett. 76mm. Bronze. Gilroy Roberts, sc. Unc. Comes with the following handwritten note on a small piece of paper, "Brett #1 (1st Strike)". (G)

This is a muling of the obverse of MI-19, the Ripley medal, with the original reverse of MI-18, the Peter Porter medal. 289. MI-24. ZACHARY TAYLOR MEDAL FOR BUENA VISTA. 90mm. Copper. C.C. Wright, sc. AU. Several small obverse rim nicks. Only 176 struck. 290. MI-26. MAJOR GENERAL WINFIELD SCOTT. 90mm. Copper. Unc. Small edge dent at 5:00 on the obverse. 186 struck. An even more intricate reverse by Wright showing vignettes of six battle scenes. see **PLATE** (F-G)
